Town of Hartman – Eligibility Survey Modifications

For the Town of Hartman, the projects identified on the eligibility list include "Construction or Rehabilitation of Distribution and/or Transmission Lines; Water Supply Facilities." However, based upon the pre-qualification information submitted it appears that the scope of the project will also include work on the storage tank and treatment. In order to correct the Eligibility Survey the town of Hartman would like to add the following categories and costs to the Eligibility Survey project description:

"Water Storage Facilities" - \$500,000

"Improvement/Expansion of Water Treatment Facilities" - \$500,000

Please reply back should the Grants and Loans unit require anything else.

Janet Marriot, Town of Hartman Clerk
